Why CCC?

Central Coast College provides hands-on, comprehensive training that prepares you for a career in a broad scope of opportunities to give you better job options in the future. We offer day and night classes so that you can complete your program around your lifestyle. The CCC staff is qualified and caring with a focus on helping you to succeed providing real tools to thrive in your next work environment. Central Coast College provides job placement assistance. The college makes no claims guaranteeing employment upon graduation. Federal Financial Aid may be available, to those who qualify.

Career Highlights & Opportunity

As a Pharmacy Technician, you will perform administrative and clinical tasks to support pharmacies from patient interaction to working with the pharmacists. Pharmacy Technicians assist licensed pharmacists in measuring, mixing, counting, labeling, and recording the correct dosages of prescription medications. They may receive and verify prescriptions or refill requests from patients and doctors' offices. Other job responsibilities include verifying inventory, processing medical insurance forms, and operating cash registers to accept payments from customers.

According to the U.S. Bureau of Labor Statistics, employment of pharmacy technicians is projected to grow 7% from 2023 to 2033, faster than the average for all occupations.
